LLPIN

ACR-2353

Valor Constructions & Infra Services LLP, also known as Valor Infra, is a Hyderabad-based civil contracting firm founded by partners with operational experience across government, institutional, and residential projects. We are active in Telangana and Karnataka, with team experience across Andhra Pradesh and Odisha. We partner with developers and institutions to deliver quality construction, from structural works and earthwork to finishing and painting.

We focus on execution that is controlled, accountable, and consistent across every stage of the project.

OUR MISSION

To be the contractor developers trust, known for honest execution, transparent processes, and work that holds up.

LEADERSHIP

Bathula Raj Pradeep

Designated Partner

Raj leads project management, client delivery, and business development at Valor Infra. With active oversight across residential and infrastructure projects spanning Telangana, Karnataka, and Andhra Pradesh, he brings a structured, delivery-first approach to every engagement.

Mosesprabhu Charan Kondapalli

Designated Partner

Moses brings over a decade of hands-on civil execution experience across government, institutional, and residential projects. He leads on-ground execution, quality assurance, and technical compliance across all Valor Infra projects.

TEAM CAPACITY 4 site engineers and supervisors · 30 to 50 deployed labour per project

Full-scope delivery or parallel part-works. We structure our engagement to suit your project.

01 Structural Works	Foundations, RCC columns, beams, and slabs, executed to IS code standards for G+1 to multi-storey buildings.
02 Masonry & Blockwork	Brick masonry, AAC block work, wall construction across all grades and specifications.
03 Plastering & Waterproofing	Internal and external plastering, waterproofing of terraces, basements, and wet areas.
04 Flooring	Vitrified tiles, granite, kota stone, and screed flooring, coordinated with structural and finishing stages.
05 Painting & Finishing	Interior emulsions, exterior texture and waterproof coatings, Mivan facade finishing. Labour-only or supply-and-apply.
06 Earthwork & Excavation	Site clearing, excavation, backfilling, and compaction, including bulk earthwork for residential projects.
07 Project Management & Consultancy	Programme control, BOQs and estimation, tendering support, and owner advisory for developers, landowners, and out-of-town clients.

Engagement options: Full civil scope · Finishing & painting only · Project management · Parallel part-works

HOW WE EXECUTE

1 Planning	2 Stage Control	3 Daily Monitoring	4 Quality Control	5 Site Safety
Work sequencing aligned with site conditions. Material and labour planned in advance.	Each stage approved before next begins. No uncontrolled parallel work.	On-ground supervision, progress tracking, photo records, and regular reporting.	IS code compliance, stage inspections, and material verification before use.	PPE for all workers, daily toolbox talks, and site discipline maintained.

VALOR INFRA PROJECTS

Contracted directly with developers and specialist contractors.

● **Gardens of Delight**

ONGOING

Mangalore, Karnataka · Residential: Villa Township

Direct contract with SPAS Infrastructures for 30 villas in this Mangalore township, where 70 villas are already built. The first 5 are in execution, with the remainder scheduled. 01 Senior Partners on Every Project

Both partners are directly involved. You deal with the people actually running your job, not a site team you have never met.

02 Proven Team Pedigree

Leadership with execution experience across government, institutional, and residential projects, including NTPC, BARC, GHMC, and an ongoing villa township in Mangalore.

03 In-House Team & Resources

Civil engineers, site supervisors, and a scalable labour force deployed based on project size. Ready to mobilise without scrambling.

04 Transparent Processes

Detailed BOQs, stage-wise billing, daily progress reports, and closure documentation. You always know where your money is going.

05 Flexible Engagement

Full civil contractor, finishing specialist, or project management partner. Engagement is structured around your project, not a template.

WHAT THIS MEANS FOR YOU

✓ Reduced execution risk

✓ Single point of accountability

✓ Better timeline control

✓ Faster issue resolution

✓ Clear progress visibility

✓ Direct partner involvement

OUR WORKING PRINCIPLE

We take on projects we can execute well. No more.
